

George Washington

By Mrs. Hill

Our founding father, George Washington

Obviously the first.

We know he rode a white horse

And his teeth were the worst.

Let me tell you a bit about good ole George,

First, and most importantly, he was born in 1732

He was raised on a farm in Virginia,

On which tobacco grew.

He never attended college,

And was educated only to the age of fourteen.

But he was a remarkable person,

And fought against the Queen.

Before he was the President,

Before the USA.

He led the Continental Army,

In what we know as the American Revolution today.

He had a very large family,
With 9 sisters and brothers.
However, this was typical,
And their family was no larger than others.

He was a tall man,
And he stood a powerful six foot two.
His hair was originally red,
And his eyes were blue.

From April 1789 to March 1797,
He served as our nation's president.
But after he was back to Mount Vernon,
To become another Virginia resident.

He was the first president,
And he helped pave the way,
To the United States of America,
And what it is today!
