

Over the course of this unit, we have reviewed several different types of poems.

You will create a shape poem or a rhyming poem about a historical figure. Your poem should include 6 facts and at least 1 date. Shape poems do not have to rhyme. Your shape poem will take on the shape of the topic of your poem. You can get creative with your shape. For example, my poem about Theodore Roosevelt takes the shape of a teddy bear. This will be a crossover assignment with History. We are also going to do a Research Report later in the year, so you should pick a historical figure you would want to do research on. This project is worth 50 points and will count as a grade for both English and History. Please check your grammar and spelling before turning it in. You will either kmail or file transfer your poem in the OLS. Your poem will be due on Monday, March 17 by the end of the school day.

Rhyming Poem about George Washington

Shape Poem about Theodore Roosevelt
